My husband and I are customers.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

I feel that a 7.7% rate hike is too high. Employee wage increases for the majority of the SC population, nor the Social Security will go up anything like that much. Many of our citizens do not even have a job, due to the Covid-19. Also, the Dominion Energy customers in SC have not been served here for eight years by them. Also, we are already paying more on our energy bill, due to the failed nuclear project. I am still very upset that the SCE&G customers were left holding that bag, while the Santee Cooper customers managed to not be liable. It is a HUGE injustice. Why should we, who never were asked or had a say in the nuclear project, have to pay more on our bill for many years to come? Many closely involved with that project walked away with a very handsome some of money though. Therefore, while Dominion Energy is doing a good job, a 7.7% increase, when we already have a higher percentage utility rate than many in the United States, is just too much. A 3-4% increase would be a much fairer one.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

No, thank you.
